Plan Description:

City of Aurora, Illinois Substantial Amendment to the 2008 Annual Action Plan The 2008-2010 City of Aurora Consolidated Plan For Housing and Community Development Jurisdiction: City of Aurora, Illinois by the Division of Neighborhood Redevelopment NSP Contact Person: Michael Kamon 44 E. Downer Place Aurora, IL 60505 Telephone: 630-264-3060 Fax: 630-264-3070 Email: mkamon@aurora-il.org Jurisdiction Web Address: www.aurora-il.org The City of Aurora proposes to amend the 2008 Annual Action Plan and Consolidated Plan for the purpose of fulfilling the application requirements to receive Neighborhood Stabilization Program (NSP) funds from the U.S. Department of Housing and Urban Development (HUD) authorized under Title III of the Housing and Economic Recovery Act of 2008 (HERA). The purpose of these funds is to assist local governments in addressing the effects of abandoned and foreclosed properties. Eligible uses of the funds include: Establishment of financing mechanisms for purchase and redevelopment of foreclosed upon homes and residential properties Purchase and rehabilitation of abandoned and foreclosed homes and residential properties Establishment of land banks for homes that have been foreclosed upon Demolition of blighted structures, and Redevelopment of demolished or vacant properties HERA provides that these funds shall generally be treated as Community Development Block Grant (CDBG) funds. Making proper application to HUD by December 1, 2008, will result in the City of Aurora receiving an allocation of \$3,083,568 for the purpose of acquiring and redeveloping foreclosed properties to reduce the incidents of abandonment and blight within the city. The City of Aurora is targeting the areas of greatest need while benefitting low, moderate, and middle-income households (LMMI). Individuals and families with incomes not exceeding 120% of area median income qualify for these funds. At least 25% of the funds used for the purchase and redevelopment of abandoned or foreclosed upon homes must benefit households earning 50% or less of area median income. The City of Aurora may also enter into intergovernmental or subrecipient agreements with the State of Illinois, if such collaboration would enhance the efforts of the City of Aurora. The identified areas of greatest need for the purpose of this Substantial Amendment are based upon HUD data. The City of Aurora defines these areas in the following manner: Areas with the greatest percentage of home foreclosures Areas with the highest percentage of homes financed by subprime mortgage related loans, and Areas identified as likely to face a significant rise in the rate of home foreclosures A. Areas of Greatest Need: The City of Auroras 2008-2010 Consolidated Plan identifies that special emphasis is placed on the citys Neighborhood Revitalization Strategy Area. The citys HUD-approved NRSA was developed in 2000 so that additional resources could be blended with CDBG funding to provide expanded and enhanced economic development and job training activities, as well as to reduce the poverty and homeless rates within its boundaries. The NRSA is located in the East Central part of Aurora and includes the citys downtown, as shown in the map below. It is evident that the level of distress is very high in the NRSA. Most residents have low incomes in the NRSA, and an exceedingly high proportion are impoverished, many are on public assistance, are unemployed, have not attained a high school diploma, and are particularly at risk for lead based paint poisoning. They tend to live in overcrowded and substandard housing conditions and are renters. These levels of distress far exceed the levels found in the remainder of the city. All block groups within the NRSA have high minority concentrations.

Recovery Needs:

HERA provides that these funds shall be treated as CDBG funds. Making proper application to HUD by December 1, 2008, will result in the City of Aurora receiving an allocation of \$3,083,568.00 for the purpose of acquiring and redeveloping foreclosed properties to reduce the incidents of abandonment and blight within the city. The City of Aurora is targeting the area of greatest need while benefitting low, moderate and middle income households(LMMI).

The following Census Tracts qualify at 51% of the residents at incomes at or below 120% of the area median income (LMMI).

C. Definitions and Descriptions:

1. Blighted structure is defined by the City of Aurora Property Maintenance Code 108.1.1 Unsafe Structures. An unsafe structure is one that is found to be dangerous to the life, health, property or safety of the public or the occupants of the structure by not providing minimum safeguards to protect or warn occupants in the event of fire, or because such structure contains unsafe equipment or is so damaged, decayed, dilapidated, structurally unsafe, or of such faulty construction or unstable foundation, that partial or complete collapse is possible.
2. Affordable rents shall be the maximum annual allowable high HOME rents as published by HUD. These rents include utilities. A utility allowance must be subtracted from the maximum allowable rent to determine the maximum contract rent, if the tenant pays utilities.
3. Current market appraised value The current market appraised value is the value of a for or residential property that is established through an appraisal made in conformity with the appraisal requirements of the URA at 49 CFR 24.103 and completed within 60 days prior to an offer made for the property by a grantee, subrecipient, developer, or individual homebuyer.
4. Continued affordability The City of Aurora will ensure for the longest feasible term, that sale, rental, or redevelopment of abandoned and foreclosed upon homes and residential properties under this section remain affordable to individuals or families whose incomes do not exceed 120 percent of area median income or for units originally assisted with funds under the requirements of section 2301(f)(3)(A)(ii) to remain affordable to individuals and families whose incomes do not exceed 50 percent of area median income.

NSP assisted units must meet the affordability requirements for not less than the applicable period specified in the Affordability Table. The affordability requirements apply without regard to the term of any loan or mortgage or the transfer of ownership. For NSP assisted rental units affordability will be enforced by deed restrictions. For NSP assisted home ownership units affordability will be enforced by a land use restriction agreement, except that the affordability restrictions may terminate upon foreclosure or transfer of units. The City of Aurora may use purchase options, rights of first refusal or other preemptive rights to purchase the housing before foreclosure or deed in lieu of foreclosure to preserve affordability. NSP assisted home ownership units if the home owner sells the interest in the property or fails to occupy the property as their principal residence, the City of Aurora will recapture its NSP investment. The NSP investment, subject to recapture is defined as any deferred mortgage, closing cost, or down payment assistance provided to the homeowner buyer, the amount to be recaptured will be reduced on a prorate basis for the time the home owner has owned and occupied the housing measured against the required affordability period based on the following table.

Affordability Table

Rental or Home Owner Housing Act.	Minimum Period of Affordability in Years
Rehabilitation or acquisition of existing housing per unit of HOME funds: Under \$15,000	5
\$15,000 to \$40,000	10
Over \$40,000	15
New construction or acquisition of newly constructed housing	20

4. Housing rehabilitation standards shall be as set forth in the City of Aurora's Housing Standards Ordinance No. 001-47 effective 6-5-01, Aurora Building Code - 2000 International Code Council series with Aurora Amendments. A building permit is required to construct, alter, or demolish a structure.

D. Low Income Targeting: The City of Aurora appropriated \$950,000 or 30% of the entitlement amount to purchase

and redevelop abandoned or foreclosed upon homes or residential properties for housing individuals or families whose incomes do not exceed 50 percent of area median income.

E. Public Comment: A summary of public comments received (November 12, 2008 thru November 26, 2008) by the City of Aurora for the proposed NSP Substantial Amendment includes:

The following attendees provided comments during the City of Auroras 2009-2013 Consolidated Plan public hearing held on October 21, 2008:

1. John Gardiner, Fox Valley Habitat for Humanity

Mr. Gardiner introduced himself and explained that National Habitat for Humanity affiliates have been working directly with HUD regarding the regulations for the upcoming Neighborhood Stabilization Program (NSP). He felt that Fox Valley Habitats current model for service regarding new construction and rehabilitation would fit nicely with the NSP program funding. He expressed that Fox Valley Habitat was very interested and willing to meet with City representatives as early as next week to outline ways that Fox Valley Habitat could help the City utilize the NSP funding. Mr. Gardiner stated that Fox Valley Habitat pre-qualifies tentative homeowners for certification, financial classes and pre-approval of mortgage application. Fox Valley Habitat would like to submit a draft to DNR regarding possible ways to spend NSP funds.

2. Emily Stern, Rebuilding Together Aurora

Ms. Stern explained that Rebuilding Together Aurora (RTA) National affiliates are also working on a model that will fit into the NSP funding. She also expressed an interest to meet with City representatives to discuss a possible program and collaboration. Mr. Kamon addressed Ms. Sterns comments and asked what type of capacity RTA would be able to offer to the program. Ms. Stern explained that RTA is able to complete 26 homes a year currently and with increased funding they would be able to rehabilitate an additional 10-15 homes per year. Mr. Kamon also asked if any changes would be made to RTAs existing model of services. Ms. Stern explained that it would be the same model of rehabilitation that they currently run with the absence of a homeowner.

Ms. Stern commented on the large number of volunteers from Aurora and surrounding communities that are willing to help with rehabilitation programs such as RTA. She also commented on the need of the RTA clients and cited an example of an individual not being able to access their home, but through RTA was able to get an ADA ramp installed.

3. John Giuffre, Fox Valley Habitat for Humanity

Mr. Giuffre explained that Fox Valley Habitat is currently building 4 new homes per year and that over the course of the 4 years for NSP funding they felt they could build a total of 20 new homes. If it was strictly a rehabilitation program with no new construction, then he felt that Fox Valley Habitat would be able to double that number. He explained some of the benefits of partnering with an agency such as Fox Valley Habitat for Humanity. Below are his talking points:

Fox Valley Habitat recruits and screens low income families for their programs. Once the potential owners are selected they assist with the actual build of the home

They currently have four owners that have been selected

They are in the process of screening an additional 35 families/individuals

By February 2009 they will have an additional 8 new owners selected

Mr. Giuffre added that as a non profit they would only like to cover administration costs on a fee basis if selected to work within the Citys NSP program. Mr. Giuffre then wanted to comment on the City annexing any additional properties to be used within the program and that Fox Valley Habitat is always looking for land to build homes. He also commented on the recent projects that the City has undertaken with using residential lots for parks. He understands the need for parks within the City but he would object to the NSP money being used to turn vacant lots into parks.

4. Ryan Dowd, Hesed House

Mr. Dowd asked to make comment on CDG unit in a high density area of expertise. Mr. Kamon asked Mr. Dowd to review the Consolidated Plan and the homelessness housing needs and possibly come up with some ideas that may work within the NSP program. Mr. Dowd agreed and continued by stating that Aurora has a massive need for supportive permanent subsidized housing. He explained the current program that Hesed House is running and the success that they have had with the program. He stated that the program is expensive but does directly help reduce the amount of homelessness. Mr. Lubshina asked Mr. Dowd to explain his priorities for Pads/Hesed House when applying for CDBG funds. Mr. Dowd explained that when it comes to capital funds he is in great need of funds for roof and HVAC replacement and/or repairs. He explained that other grant funding is able to cover some of the fancier things associated with his building. On the programmatic funding side, he would like to continue to apply for funds that reduce homelessness. He feels that the model Hesed House is using is effective in doing so but it is costly for them to administer.

The City of Aurora published a notice of public comment in the Beacon News on November 9, 2008. The draft amendment was posted on the City of Aurora website. The public notice, City of Aurora homepage, and all written comments received during the 15-day public comment period are included in Attachment A.

(5) Projected End Date:

November, 2010 (committed to specific addresses); activity will continue with realized program income

(6) Responsible Organizations:

City of Aurora Neighborhood Redevelopment Division, 44 E. Downer Place, Aurora, IL 60506, (630) 264-3060, Michael Kamon, Director

(The City of Aurora will partner with additional organizations to carry out this activity)

(7) Location Description:

The City of Aurora will target rental housing program within identified Neighborhood Revitalization Strategy Area (NRSA).

(8) Activity Description:

This activity will address neighborhood stabilization through purchase, rehabilitation, and rental of foreclosed properties to very low-income households at or below 50% of area median income. Prior to purchasing foreclosed properties the city will establish property selection criteria to determine housing market and neighborhood stabilization needs. All properties acquired under this activity must meet the required purchase discount of at least 5% less than current market appraised value, and must be as high as required to keep the total NSP portfolio within the required purchase discount level. The City of Aurora reserves the right to subcontract with partner agencies to complete this activity. All subcontracts shall conform to 24 CFR 85, and in particular 24 CFR 85.36. As program income is received from NSP activities, neighborhood stabilization through rental activity may be expanded to include additional properties.

(9) Total Budget:

\$950,000 public NSP funds for the purchase, closing costs, rehabilitation, carrying costs, and project delivery costs directly related to each purchase.

(10) Performance Measures:

7 units of housing acquired, rehabilitated, and rented to households that are below 50% of median family income.

(3) National Objective:

24 CFR 570.208(a)(2) Limited clientele activity benefiting low and moderate income persons (up to 120% of MFI permitted under NSP)

(4) Projected Start Date:

June, 2009

(5) Projected End Date:

November, 2010 (committed to specific addresses); activity will continue with realized program income

(6) Responsible Organizations:

City of Aurora Neighborhood Redevelopment Division, 44 E. Downer Place, Aurora, IL 60506, (630) 264-3060, Michael Kamon, Director

(The City of Aurora will partner with additional organizations to carry out this activity)

(7) Location Description:

High need census tracts include 854100, 853500, 853600, 854300, 853400, 853200, 854200, 852905.

(8) Activity Description:

This activity will address neighborhood stabilization efforts in the census tracts listed above through purchase, rehabilitation, and re-sale of foreclosed properties. The purchased properties will be located within the Census Tracts identified with a foreclosure and abandonment risk score of 10. Prior to purchasing foreclosed properties the city will establish property selection criteria to determine housing market and neighborhood stabilization needs. Homes purchased will ultimately become available for single-family homeownership. All properties acquired under this activity must meet the required purchase discount of at least 5% less than current market appraised value, and must be as high as required to keep the total NSP portfolio within the required purchase discount level. The City of Aurora reserves the right to subcontract with partner agencies to complete this activity. All subcontracts shall conform to 24 CFR 85, and in particular 24 CFR 85.36. As program income is received, neighborhood stabilization through homebuyer activity may be expanded to additional census tracts as funds permit. If a home acquired through this homebuyer activity is not able to be sold to a homebuyer within a reasonable period of time, as determined in the sole discretion of the City of Aurora, such home may be temporarily rented to a household at less than 120% MFI and sold at a later date or leased with option to buy to an income qualified household.

(9) Total Budget:

\$1,750,000 in NSP funds are earmarked for the purchase, rehabilitation and re-sale of foreclosed properties. This budget includes purchase of home, closing costs, rehabilitation costs, carrying costs until sale, project delivery costs directly attributable to a specific address, and closing costs at resale.

(10) Performance Measures:

9 units of housing acquired, rehabilitated, and sold to eligible households that are at or below 120% of median family income.

Activity #3

(1) Activity Name:

Homebuyer Counseling (High Priority)

(8) Activity Description:

This activity will address neighborhood stabilization efforts in the identified high need census tracts through purchase, rehabilitation, and re-sale of foreclosed properties. Homes purchased will ultimately become available for single-family homeownership. Homebuyers will be required to receive home purchaser counseling from a HUD certified counseling agency prior to purchase. A financing mechanism will provide a deferred loan at 0% for down payment and closing cost assistance. The City of Aurora reserves the right to subcontract with partner agencies to complete this activity. All subcontracts shall conform to 24 CFR 85, and in particular 24 CFR 85.36.

(9) Total Budget:

\$50,000 public NSP funds for down payment and closing costs assistance

(10) Performance Measures:

down payment and closing costs assistance applied to 10-12 previously foreclosed homes purchased by households at or below 120% of median family income.

Activity #5

(1) Activity Name:

Land Bank (Medium Priority)

(2) Activity Type:

NSP (C) Establish land banks for foreclosed upon homes; CDBG 24 CFR 570.201(a) Acquisition; 24 CFR 570.201(b) Disposition

(3) National Objective:

24 CFR 570.208(a)(2) Limited clientele activity benefiting low and moderate income persons (up to 120% of MFI permitted under NSP)

(4) Projected Start Date:

(8) Activity Description:

This activity will allow the establishment of land banks for foreclosed upon homes. The specific neighborhoods within the identified high need target areas will be determined through a housing market analysis and neighborhood redevelopment needs.

Properties acquired for land banking purposes will then become part of Activity #1, Rental Program, Activity #2, Homebuyer Program, or Activity #6, Demolition and

Redevelopment Program. The City of Aurora reserves the right to subcontract with partner agencies to complete this activity. All subcontracts shall conform to 24 CFR 85, and in particular 24 CFR 85.36.

(9) Total Budget:

\$0 public NSP funds. Leveraging to be determined. If it is determined that establishment of a land bank would be a beneficial use of NSP funds, NSP funds will be transferred to this activity from another activity.

(10) Performance Measures

Performance measures will be determined when and if this activity is funded.

Activity #6

(1) Activity Name:

Demolition and Redevelopment Program (Medium Priority)

(2) Activity Type:

Activity Description:

This activity will address neighborhood stabilization efforts in the census tracts listed above through purchase, rehabilitation, and re-sale of foreclosed properties. The purchased properties will be located within the Census Tracts identified with a foreclosure and abandonment risk score of 10. Prior to purchasing foreclosed properties the city will establish property selection criteria to determine housing market and neighborhood stabilization needs. Homes purchased will ultimately become available for single-family homeownership. All properties acquired under this activity must meet the required purchase discount of at least 5% less than current market appraised value, and must be as high as required to keep the total NSP portfolio within the required purchase discount level. The City of Aurora reserves the right to subcontract with partner agencies to complete this activity. All subcontracts shall conform to 24 CFR 85 and in particular 24 CFR 85.36. As program income is received, neighborhood stabilization through homebuyer activity may be expanded to additional census tract as funds permit. If a home acquired through this homebuyer activity is not able to be sold to a homebuyer within a reasonable period of time as determined in the sole discretion of the City of Aurora such home may be temporarily rented to a household at less than 120% MFI and sold at a later date or leased with option to buy to an income qualified household.

Location Description:
