CITY OF AURORA
Municipal Electricity and Gas Use Tax Rebate Program
Instruction Sheet
APPLICATION DEADLINE IS SEPTEMBER 1, 2022

General

1. The City of Aurora will rebate amounts paid for the municipal electricity and gas use tax to eligible individuals (as defined below) once each year.
2. Rebates will be based upon municipal tax payments made by eligible individuals during 2021.
3. Eligible individuals must use the application form provided by the city to request rebates of municipal electricity and gas use taxes paid.
4. Only one rebate of municipal electricity and gas use taxes will be issued per residence.
5. The standard rebate amounts are \$25 for municipal electricity tax and \$25 for municipal gas use tax. A rebate of more than \$25 for either tax will be issued only if an eligible individual has paid more than \$25 in municipal electricity and/or gas use taxes and submits copies of the monthly bills with the application.
6. Applications and supporting documentation should be delivered or mailed to:

City of Aurora
Finance Department
44 East Downer Place
Aurora, IL 60507

7. Rebate applications for the 2021 rebate year must be delivered to the city's Finance Department or, if mailed, postmarked by **September 1, 2022**.
8. Depending upon the volume of applications, processing time may be considerable. A rebate check may not be issued until eight weeks or more after the receipt of an application.
9. Questions concerning the municipal electricity and/or gas use tax rebates should be directed to the City of Aurora Finance Department at (630) 256-3510. However, applicants are asked to refrain from calling the Finance Department to check on the status of rebate checks because responding to status inquiries slows the processing of applications.

Eligible Individuals

To be eligible for a rebate of the municipal electricity and/or gas use tax paid in 2021, an individual must:

1. Have been a resident of the City of Aurora during the entire 2021 calendar year.
2. Have been 65 years of age or more **OR** disabled during the 2021 calendar year.
3. Have been the individual listed on the electric and/or gas bill(s) for his/her residence and paid the municipal electricity and/or gas use tax during the entire 2021 calendar year.

Required Supporting Documentation

The following documentation must accompany a rebate application:

- 1) Proof of age. Acceptable documentation for proof of age includes a copy of a birth certificate, a driver's license, or a state identification card. If the eligible individual qualified for a utility tax rebate by being 65 years old or more in a prior rebate year, submission of proof of age for the current rebate year is not necessary.
- 2) Proof of disability. A copy of the **Illinois Disabled Person's Identification Card** or a Social Security disability award letter will be accepted as proof of disability.
- 3) If the standard \$25 rebate amounts are requested, a copy of the electric bill and/or natural gas utility bill for the residence with an ending service date of December 2021 must accompany the application. The name of the individual applying for the rebate must appear on the utility bills. Also, the bills must include **all pages** that reflect that the municipal electricity and natural gas use taxes were actually assessed.
- 4) If rebates of more than the standard amounts are requested, copies of the electric and/or natural gas bills for each month of 2021 must accompany the application. The name of the individual applying for the rebate must appear on the utility bills.

Special Instructions

1. If an eligible individual paid for utilities through rent payments, the individual may obtain the rebates of the standard amounts if he submits a copy of his rental agreement or a letter from the management office (on the management office's letterhead) with the application. The rental agreement or letter must a) indicate that the individual was the renter of the premises concerned during the entire 2021 calendar year, **and** b) identify the utilities (electricity and/or natural gas) that were included in the rent payments.
2. If an eligible individual paid for utilities through assessments paid to a homeowners or similar association, the individual may obtain rebates of the standard amounts if he submits a signed letter from the association (on the association's letterhead) with the rebate application. The letter must a) state that the individual was the owner of the residential premises concerned during the entire 2021 calendar year **and** b) identify the utilities (electricity and/or natural gas) that were included in the assessments paid by the individual to the association.
3. In some circumstances, an eligible individual may have paid for one utility directly to the utility company and the other utility through rent payments or association assessments. In such circumstances, appropriate documentation must be submitted with the rebate application to reflect this. For example: if an eligible individual paid for electricity directly but paid for natural gas through rent payment, he or she would submit a copy of the December 2021 electric bill and a copy of his/her rental agreement reflecting that charges for gas were included in the rent payments.
