## SIDEWALK REPLACEMENT CRITERIA

The City of Aurora maintains the public sidewalk system consisting of Concrete Sidewalk within the right-of-way and will repair sidewalks that meet one or more of the following conditions:

1. Sidewalk sections that have raised or sunk creating a trip hazard of two inch (2") or more, maximum vertical measurement.
2. Sidewalk sections that have broken and separated into three or more pieces where each piece is over 1 foot square. Cracks must be opened 1/8" or more.
3. Sidewalk sections where 50% or more of the surface is deteriorated as defined by scaling to a depth of 1/2" or more.

Conditions to be measured and evaluated by the City Engineer or his designee.

If you are concerned about the condition of sidewalks, please contact the City of Aurora, Department of Engineering at (630) 256-3200.

## DRIVEWAY APPROACH and CURB & GUTTER REPLACEMENT

The City of Aurora and property owners share maintenance responsibilities for drive approaches including sidewalk within the driveway and curb & gutter. The City of Aurora will reimburse owners for a portion of the cost to replace existing drive approaches, sidewalk and curb & gutter that are deteriorated. Please contact the Division of Building and Permits at (630) 256-3130 for a Driveway Permit and application for the Driveway Assistance Program (DAP).
