Chicago, IL 60606

Re: Local Technical Assistance Program-Regional Active Mobility Program

Dear Mr. Manno,

The Village of North Aurora is pleased to support the City of Aurora and the other partner communities in the Regional Active Mobility Program application to CMAP's Local Technical Assistance Program.

Of particular note, a goal of the Village's Comprehensive Plan is to *transform and promote North Aurora as a walkable and bikeable community*. We believe that the Active Mobility Program will assist us to further achieve our walkability and bikeability goals by actively participating in this regional effort.

We were excited to hear of the wayfinding element of the Active Mobility Program as the Village has been recently discussing wayfinding and identification opportunities along the Fox River Trail.

Thank you for your consideration of their request. If you need any additional information, please feel free to contact me at (630) 897-8228.

Sincerely,

Steve Bosco  
Village Administrator
