

Ward	Trail or Sidewalk	Location	Suggestion	Comments
1	IL Prairie Path - Aurora Branch	Farnsworth Road crossing	Supplement current RRFB on the road's sides by adding raised center median (with skewed trail opening). Add RRFBs to center median, too.	Skewed median crossing forces trail user to better look toward traffic in that direction. Median RRFB reduces multiple-threat crash risk.
1	IL Prairie Path - Aurora Branch	Felten Road access	Close 100' sidewalk (or sidepath) gap between Reckinger and forest preserve parking lot	Allows access to trail through forest preserve to IPP. Needs forest preserve approval.
2	Fox River Trail - East	Metra access	Add trail link from Fox River Trail to Spring/IL25 stoplight; on-road bikeways on Spring; bike parking improvement at Metra station	
3	Waubonsie Creek Trail	Rush-Copley trail end	Add <500' trail link to Sedona Ave	Private property?
3	Farnsworth	S of Simms	Add 12' trail link from E-W Hometown trail and trail west of Farnsworth. Add crosswalk to Farnsworth, too.	Fills a gap providing connectivity to the west
4	Gilman Trail	Monitor/Douglas crossing	Either move the Monitor crosswalk closer to Douglas (in front of the stopline), or move Douglas' crossing to the north side of Monitor.	
4	Gilman Trail	Ashland crossing	Add a raised median island at the Gilman crossing.	
4	Sidewalk	Elmwood gap	Close 400' sidewalk gap between Hoyt and Plum	
5	Sidewalk	Galena - 4 gaps	Close sidewalk gaps: 1) 240' between Rosedale & Central, 2) 100', Westlawn & Western, 3) 325', Glenwood & Randall, and 4) 1325', Canterbury & Hanks	
5	Gilman Trail	Densmore crossing	Add (solar-powered) RRFB flashing beacon with automatic trail user detection	Scene of a recent bike fatality. RRFB's on hold, consider alternative.
6	Sidewalk	IL31	Widen the sidewalk on the west side of IL 31 from Northgate Shopping Center to Illinois Ave. Also, re-pitch to drain from the street and protect from erosion.	Northgate is a designated remote parking facility for July 4th Fireworks and other River's Edge Park events.
6	Sidewalk	Sullivan - 2 gaps	Close sidewalk gaps: 370' just east of Randall, 3) 1100', Crestwood to RR by Highland	
7	Waubonsie Creek Trail	Montgomery Road access	Add 330' sidewalk or sidepath between trail and Walcott	In Ald. Mervine's ward plans?
7	Waterford and 5th		Add crosswalks, pedestrian signal, and 200' sidewalk or sidepath on the north side of 5th between Waterford and the forest preserve parking lot	Connects to the forest preserve trail and other places it connects to.
8	Sidewalk	IL 59	Add 2100' of sidewalk on west side of road, between Montgomery and White Eagle	
9	Sidewalk	Montgomery	Add 370' sidewalk between Andover and Normantown, across EJ&E/CN railroad	Would have to work with railroad.
10	Sidewalk	IL 59	Add 3000' of sidewalk on the west side of the road, between New York and Ogden	
10	Frontenac Trail	McCoy crossing	At northwest corner of intersection, add 20' sidewalk or sidepath from trail to crosswalk
